

Numair Iqbal

Backend-focused AI Engineering Intern

Email: numairkhan582@gmail.com | Phone: +923016865006 | Address: Layyah, Punjab, Pakistan | LinkedIn | GitHub

SUMMARY

Backend-focused AI Engineering intern and Computer Science undergraduate with hands-on experience building Android applications (Java) and AI-assisted tools. Strong foundation in data analysis (Google Data Analytics Professional Certificate, in progress) and a consistent record of shipping functional, well-documented projects independently. Seeking to apply backend development and AI engineering skills in a high-impact software engineering role.

WORK EXPERIENCE

Backend AI Engineering Intern Jul 2026 – Present

FlyRank AI (Remote)

- Selected for a remote internship focused on backend systems and applied AI engineering, supporting production-grade AI-driven workflows.
- Completed structured onboarding covering internal tooling, codebase standards, and team workflows ahead of full project assignment.

Independent Software Developer Jan 2024 – Present

Self-Directed Projects

- Designed and developed four Android applications in Java spanning job-search, healthcare, education, and fitness domains, each with complete UI, core logic, and local data handling.
- Built RozgarFind, a job-marketplace Android app concept targeting Pakistan's local job market, using AI-assisted development tools to accelerate prototyping and iteration.
- Maintained a public GitHub portfolio with professionally written, screenshot-verified documentation for each project to ensure accuracy and clarity for technical reviewers.
- Iteratively refined personal branding materials (resume, GitHub profile) through multiple structured feedback cycles, improving clarity and presentation quality.

EDUCATION

University of Layyah Layyah, Pakistan

Bachelor of Science in Computer Science | GPA: 3.48 Jan 2027

SKILLS

Technical Skills: Java, Python, SQL, Data Cleaning, Data Visualization, Spreadsheet Modeling, Object-Oriented Programming, Mobile App Development, AI-Assisted Development, Backend Fundamentals, Technical Documentation, Freelancing Fundamentals

Tools & Platforms: Android Studio, Git, GitHub, VS Code, PyCharm, Excel, MySQL

Soft Skills: Self-Directed Learning, Technical Documentation, Freelancing Fundamentals

CERTIFICATIONS

- Google AI Professional Certificate** — Coursera | 7 Courses | Jul 2026 | [Verify](#)
- Google AI Essentials** — Coursera | 5 Courses | Jul 2026 | [Verify](#)
- Programming for Everybody (Getting Started with Python)** — Coursera | University of Michigan | Jun 2026 | Grade: 97.52% | [Verify](#)
- Google Data Analytics Professional Certificate** — Coursera | In Progress (Course 3 of 9)
- Data Fundamentals** — IBM SkillsBuild | Jun 2026 | [Verify](#)
- Deloitte Australia — Data Analytics Job Simulation** — Forage | Jun 2026 | [Verify](#)
- Microsoft Azure Essentials Professional Certificate** — Microsoft & LinkedIn Learning | Jul 2026 | [Verify](#)

PROJECTS

RozgarFind: Android job-marketplace app concept for Pakistan's local employment market.

User Record System: Full-stack web application with complete CRUD functionality; PHP backend with MySQL database integration and responsive HTML/CSS frontend.

Medical AI Assistant — MedBot: An AI-powered medical chatbot that answers health and medical questions only; built with Python, Flask, and Groq AI, featuring a professional ChatGPT-style interface.

Embeddable Widget Platform: Multi-tenant backend platform (Node.js, Express, PostgreSQL) for embeddable widgets with real-time submission capture, geo-enrichment, spam/rate-limiting, and a secure owner dashboard; FlyRank AI Backend Engineering Internship capstone, covered by 41 automated tests.

Numair Portfolio (AI Agent): Personal portfolio website with an embedded AI chat agent (Groq API, serverless function) showcasing projects and skills; FlyRank AI Fluency track capstone.

Superstore Sales Analytics: Excel, SQL, Python, and Power BI dashboard analyzing \$2.26M in retail sales; delivered a validated interactive dashboard and a written case-study report with business recommendations.
